Consistent with firm policies, I may attend training events, due diligence meetings, and other events provided and paid for by the sponsors of mutual funds or other investment products, which I may recommend to my clients. The receipt of this cash or non-cash compensation may create an incentive to recommend these investment products.

Investment Adviser Representatives are required to act in the best interest of the clients and are required to only recommend investment advisory programs, investment products and securities that are suitable for each client based upon the client's investment objectives, risk tolerance, and financial situation and needs.

Investment Adviser Representatives may also refer clients and prospective clients to a separate disclosure document that the client has or will receive that sets out a more detailed explanation of the material risks of investment strategies or methods of analysis that are or will be used to manage the client's account.

## **Item 6**      **Supervision**

Clients complete an Investment Policy Statement (IPS) as part of their Investment Advisory Agreement which they acknowledge and sign. The Investment Advisor Representative relies on this information when providing advice and services to the client. It is the client's responsibility to inform their Advisor when their financial profile, goals, or objectives change.

The firm employs automated account supervision processes to identify potential variations from the clients' stated goals and objectives stated in the IPS.
